1. Which founder is known for helping document the personalities of the original founders?

- A. Margaret Flagg Holmes**
- B. Lavinia Norman**
- C. Beulah Elizabeth Burke**
- D. Marjorie Hill**

Margaret Flagg Holmes is recognized for her significant contributions in documenting the personalities and details of the original founders of Alpha Kappa Alpha Sorority, Inc. Her work provided a vital historical record that not only highlighted the individual characteristics and contributions of each founder but also helped to solidify the legacy of the sorority. By preserving this information, Holmes played an essential role in ensuring that the values and intentions of the founders were understood and remembered by future generations. Her commitment to maintaining the sorority's history reflects a deeper understanding of the importance of documentation in organizational identity and continuity.

2. What is the primary focus of Alpha Kappa Alpha initiatives regarding education?

- A. To provide scholarships and financial aid**
- B. To advocate for educational policy changes**
- C. To enhance educational access and excellence**
- D. To develop standardized curriculum materials**

The primary focus of Alpha Kappa Alpha's initiatives regarding education centers on enhancing educational access and excellence. This reflects the sorority's commitment to fostering a strong foundation for academic achievement among its members and the communities they serve. By improving access to educational resources, they aim to remove barriers that may prevent individuals from pursuing their educational goals. Additionally, excellence in education encompasses promoting high standards in learning environments and encouraging the pursuit of higher education. These efforts demonstrate a holistic approach to education that goes beyond mere financial support to cultivating an environment where academic success can flourish. This focus aligns with the sorority's broader mission of uplifting and empowering people through education, ensuring that the opportunities for learning and personal growth are available to all.

3. Which of the following Greek terms refers to the office of assistant secretary?

- A. Grammateus
- B. Anti-Grammateus**
- C. Tamiouchos
- D. Anti-Basileus

The term that refers to the office of assistant secretary is "Anti-Grammateus." This term is derived from Greek, where "anti" translates to "assistant" or "in place of," and "grammateus" translates to "secretary." In the context of organizations such as sororities and fraternities, the Anti-Grammateus supports the Grammateus (the primary secretary) in managing records and correspondence, ensuring that the organization's documentation is well-maintained and organized. This role is integral to the functioning of the organization, as it helps facilitate communication and record-keeping. In contrast, the other terms relate to different offices or roles within a Greek organization. "Grammateus" is the office of the primary secretary, "Tamiouchos" typically refers to the treasurer, and "Anti-Basileus" serves as an assistant to the president or leader of the organization. Understanding these distinctions is crucial for grasping the structure and hierarchy within Greek-letter organizations.

4. Which of the following individuals was part of the incorporated founders of Alpha Kappa Alpha?

- A. Nellie Quander
- B. Julia Evangeline Brooks
- C. Minnie Beatrice Smith
- D. All of the above**

The correct answer is "All of the above" because each individual listed—Nellie Quander, Julia Evangeline Brooks, and Minnie Beatrice Smith—played a significant role in the incorporation of Alpha Kappa Alpha Sorority, Inc. Nellie Quander was instrumental in leading the effort to incorporate the sorority in 1913, ensuring its longevity and legal status. Her dedication to the organization helped set in motion the formal establishment of Alpha Kappa Alpha as a national sorority, which was critical for its growth and recognition. Julia Evangeline Brooks and Minnie Beatrice Smith also contributed significantly to the development of the organization, helping to solidify its ideals and objectives during its formative years. Their involvement represents the collaboration and commitment of the early members who worked together to establish the sorority's infrastructure and principles. By recognizing all three as incorporated founders, it highlights the collective efforts and dedication of these women to the founding and sustaining of Alpha Kappa Alpha, reinforcing the importance of each individual's contributions to the organization's legacy.

5. What is an official title for a member who leads a local chapter of AKA?

- A. Regional Director**
- B. Local Leader**
- C. Chapter President**
- D. Vice President**

The title of Chapter President is the official designation for a member who leads a local chapter of Alpha Kappa Alpha Sorority, Inc. This role carries the responsibility of overseeing the operations, activities, and meetings of the chapter, as well as representing the chapter at various events and gatherings. The Chapter President is pivotal in executing the goals and objectives of the sorority at the local level, ensuring that all members are actively engaged and aligned with the sorority's mission and vision. In contrast, while a Regional Director may oversee multiple chapters within a specific geographic area, they do not lead a single local chapter. "Local Leader" is a more generic term and does not convey the specific title used within the sorority structure. The role of Vice President, although significant within chapter leadership, is subordinate to that of the Chapter President, assisting in various responsibilities but lacking the primary authority that comes with the president's position. Thus, Chapter President is the clear and correct title for the individual leading a local chapter.

6. What does the term "Merit" emphasize in the AKA motto?

- A. The importance of hard work and academic success**
- B. The significance of leadership in society**
- C. The focus on community service and outreach**
- D. The celebration of cultural heritage and pride**

The term "Merit" in the AKA motto underscores the importance of hard work and academic success. This emphasis aligns with Alpha Kappa Alpha Sorority's commitment to fostering educational excellence and achievement among its members and the communities it serves. It suggests that accomplishments should be based on individual effort, talent, and the pursuit of knowledge, reflecting a core principle of the organization that values education as a pathway to personal and professional growth. In the context of AKA's mission, "Merit" reinforces the belief that diligence and perseverance can lead to success, encouraging members to strive for excellence in their academic endeavors and to leverage their achievements to uplift others. While other options touch on significant aspects of the organization's goals, such as leadership, community service, and cultural pride, the specific connotation of "Merit" distinctly aligns with the values of educational attainment and hard work.

7. Which founder is credited with creating the name, motto, and colors of Alpha Kappa Alpha Sorority?

A. Beulah Elizabeth Burke

B. Marjorie Hill

C. Lavinia Norman

D. Margaret Flagg Holmes

Beulah Elizabeth Burke is recognized for her pivotal role in creating the name, motto, and colors of Alpha Kappa Alpha Sorority. Her contributions were significant in laying the foundational identity of the organization which includes not just the name "Alpha Kappa Alpha," but also the sorority's motto "By Culture and By Merit," and the selection of the official colors, salmon pink and apple green. This formation was essential in establishing a distinct brand for the sorority that has stood the test of time and is immediately recognizable. The other founders, while they made substantial contributions to the organization in various ways, did not have the specific responsibility for these key elements of identity. Each played a role in different aspects of the sorority's early development, but it was Beulah Elizabeth Burke's vision that encompassed these foundational components that define what Alpha Kappa Alpha represents. Understanding her contribution helps highlight the legacy and continuing influence of these elements within the sorority and beyond.

They emphasize relationships and inclusivity but do not encapsulate the unique focus of Fall 2015. Overall, "KAsE 26: Disturbing the Peace" effectively captures the spirit and agenda of Alpha Kappa Alpha for the Fall 2015 term.

9. What Greek word is used for the vice-president in Alpha Kappa Alpha?

- A. Tamiouchos**
- B. Anti-Basileus**
- C. Pecunious Grammateus**
- D. Basileus**

The term "Anti-Basileus" directly translates to "vice-president" in the context of Alpha Kappa Alpha Sorority, Incorporated. In Greek, "Anti-" means "against" or "in place of," thus conveying the idea of a secondary or supporting role to the "Basileus," which means "president" or "leader." The title of Anti-Basileus is significant in the sorority's organizational structure as it denotes the individual who assists the Basileus and steps in when the president is unavailable, ensuring leadership continuity and support for the sorority's missions. This distinction is central to the roles within the organization, emphasizing collaboration and shared responsibilities in leadership. The other options refer to different roles or titles within the sorority. "Tamiouchos" refers to the financial officer, "Pecunious Grammateus" is a term that could be related to financial documentation or the secretary role, and "Basileus" denotes the president.
