SAMPLE

1. What type of events does Alpha Kappa Alpha hold to promote cultural enrichment?

- A. Sporting events and conferences
- B. Art exhibitions and food festivals
- C. Workshops, seminars, and community forums**
- D. Work retreats and social gatherings

Alpha Kappa Alpha Sorority, Incorporated places a strong emphasis on cultural enrichment as part of its mission to strengthen communities and foster an appreciation for diverse cultures. The choice mentioning workshops, seminars, and community forums aligns perfectly with this goal. These types of events provide platforms for education, discussion, and the exchange of ideas, which are crucial for cultural awareness and understanding. Workshops and seminars allow for in-depth learning and skill development on various cultural topics, while community forums serve as spaces for dialogue and community engagement, promoting inclusivity and cultural exchange. This focus on education and active participation helps members and the community to appreciate and celebrate the richness of different cultures, ensuring that cultural enrichment is meaningful and impactful. In contrast, sporting events and conferences may not directly target cultural education, while art exhibitions and food festivals, although culturally relevant, may not provide the same level of discourse and learning that workshops and seminars do. Similarly, work retreats and social gatherings are primarily focused on team building and networking rather than cultural promotion, making them less effective in this particular context.

2. Which region is known as the "First Region" of Alpha Kappa Alpha Sorority, Inc.?

- A. Southeastern Region
- B. Northeastern Region**
- C. Midwestern Region
- D. Western Region

The "First Region" of Alpha Kappa Alpha Sorority, Inc. is the Northeastern Region. This designation reflects the historical significance of the area regarding the foundation and early growth of the organization. The Northeastern Region has a rich heritage that includes some of the earliest chapters and members of AKA, highlighting its prominence within the sorority's structure. The choice of this region as the "First Region" acknowledges the pivotal role it played in establishing the sorority's presence and influence in the early 20th century. The Northeast is home to many historically Black colleges and universities (HBCUs) that contributed to the sorority's expansion and the cultivation of its leadership. In contrast, while other regions have their unique contributions and importance within the framework of Alpha Kappa Alpha, they do not hold the same historical precedence as the Northeastern Region, which is foundational to the sorority's identity and development.

3. What symbol represents Alpha Kappa Alpha Sorority, Inc.?

- A. The Rose
- B. The Ivy Leaf**
- C. The Dove
- D. The Crown

The Ivy Leaf is the symbol that represents Alpha Kappa Alpha Sorority, Inc. This symbol holds significant meaning for the sorority, as it symbolizes strength, endurance, and the importance of maintaining a connection to the past while striving for growth and progress. The ivy plant is known for its ability to thrive in various environments, which reflects the adaptability and resilience of the members of Alpha Kappa Alpha. The use of the Ivy Leaf also signifies the sorority's commitment to sisterhood, unity, and the continuous pursuit of academic excellence and community service. While other symbols like the rose, dove, and crown may carry their own meanings in different contexts, they do not specifically encapsulate the core identity and values of Alpha Kappa Alpha Sorority, Inc. as effectively as the Ivy Leaf does in representing this esteemed organization.

4. What type of organization is Alpha Kappa Alpha Sorority?

- A. Social club
- B. Honor society
- C. Sorority that promotes scholarship and community service**
- D. Fraternity

Alpha Kappa Alpha Sorority is a sorority that promotes scholarship and community service, which is a key aspect of its mission and activities. Founded in 1908, it is the first Greek-letter organization established by African American college-educated women, and it focuses on creating a supportive sisterhood that encourages academic excellence as well as community engagement. The organization is dedicated to promoting higher education, leadership development, and social welfare, often through various programs and initiatives aimed at uplifting communities. This multifaceted approach distinguishes Alpha Kappa Alpha from other types of organizations. For instance, while social clubs may aim for leisure and networking, and honor societies typically focus solely on academic recognition, Alpha Kappa Alpha encompasses both scholarship and active participation in community service. The emphasis on these services is central to fulfilling the sorority's commitment to addressing issues affecting the African American community and beyond. Thus, the correct choice not only reflects the sorority's original purpose but also showcases its ongoing commitment to these ideals.

5. How often does the Boule meet in Alpha Kappa Alpha?

- A. Bi-annually
- B. Monthly
- C. Every four years
- D. Periodically, as needed**

The Boule, which is the governing body of Alpha Kappa Alpha Sorority, Inc., meets periodically, as needed. This allows the organization to convene as circumstances require, addressing various issues, making decisions, and strategizing without being tied to a strict schedule like bi-annual or monthly meetings. The flexibility in scheduling aligns with the needs of the members and current organizational goals. Regular meetings might not be feasible or necessary, so this option reflects the true nature of the Boule's operational requirements. In contrast, the other choices imply a fixed schedule that may not accommodate the dynamic needs of the organization, making them less accurate in describing the Boule's meeting frequency.

6. Who was known for her significant contributions to the founding activities and documentation of Alpha Kappa Alpha?

- A. Anna Easter Brown
- B. Lillie E. Burke
- C. Marie Woolfolk**
- D. Ethel Hedgeman Lyle

She played a crucial role as one of the founding members and was instrumental in the organization's early documentation efforts. This included assisting in the establishment of the sorority's mission, values, and constitution, thus helping to lay the foundational framework for Alpha Kappa Alpha. Her commitment to the ideals of service and sisterhood significantly shaped the sorority's direction and growth in the years following its establishment. While other notable figures like Anna Easter Brown, Lillie E. Burke, and Ethel Hedgeman Lyle also contributed to the founding and development of the sorority, it is Marie Woolfolk who is particularly recognized for her contributions to the documentation and operational aspects that were vital for the sustainability and legacy of Alpha Kappa Alpha.

7. Which issue does Alpha Kappa Alpha aim to address through its programs?

- A. Global warming and environmental concerns
- B. Socio-economic inequalities in communities**
- C. Access to technology in rural areas
- D. Higher education access for all

Alpha Kappa Alpha Sorority, Incorporated focuses on addressing socio-economic inequalities in communities through its various programs and initiatives. This commitment aligns with the organization's mission to support and uplift communities, particularly those that are marginalized. The sorority engages in community service, advocacy, and educational programs aimed at improving living conditions, access to resources, and economic opportunities for underserved populations. This focus is rooted in a broader commitment to social justice and empowerment, making it a central issue that the organization aims to tackle. While addressing global warming, access to technology, and higher education are important issues, they are not the primary focus of Alpha Kappa Alpha's initiatives in the same way that socio-economic inequalities are. The organization prioritizes social equity and works towards empowering individuals and communities to overcome barriers to success.

8. Which of the following was a charter member of Alpha Kappa Alpha?

- A. Katherine Bratton**
- B. Sarah Johnson
- C. Linda Green

Charter members are those individuals who were part of the initial group that established the organization, and their contributions and leadership are significant in shaping the sorority's mission and values. The other individuals listed, while they may have different associations with the sorority or exist in other contexts, were not among the original founders. Understanding the historical perspective of organizations like Alpha Kappa Alpha helps clarify the importance of the founding members in establishing intentional community service, academic excellence, and sisterhood as the core values of the sorority.

9. Where was Alpha Kappa Alpha Sorority, Inc. founded?

This institution was significant not only as the birthplace of the sorority but also because it served as a crucial environment for the educational and social development of African American women during a time when higher education was less accessible to them. The choice of Howard University was pivotal, as it was one of the leading historically black colleges and universities (HBCUs) that promoted academic excellence and civic engagement. The sorority's founding members sought to create an organization that would empower women and address the challenges faced by their communities, and they capitalized on the supportive environment at Howard to foster their goals. This foundational aspect has shaped the sorority's mission and values, which remain relevant to this day.

This aspect of her legacy emphasizes the role that members of Alpha Kappa Alpha have played in advocating for social justice and community upliftment. While Nellie Quander, Norma Elizabeth Boyd, and Julia Evangeline Brooks also made significant contributions to the sorority, particularly in leadership and organizational roles, it is Joanna Berry Shields who holds the specific distinction as an incorporator and director of the National Non-Partisan Council.
