1. What primary duty does the host or hostess (Hodegos) have during meetings?

- A. To keep minutes
- B. To manage finances
- C. To welcome and assist members and guests**
- D. To enforce rules

The primary duty of the host or hostess, known as the Hodegos, during meetings is to welcome and assist members and guests. This responsibility is crucial because the Hodegos plays a key role in creating an inviting and friendly atmosphere that encourages participation and engagement among both new and returning members. By warmly greeting attendees and ensuring they feel comfortable, the Hodegos helps to foster a sense of community and belonging within the organization. This role is fundamental in maintaining the values of Alpha Kappa Alpha Sorority, which emphasizes sisterhood and support within its membership. While keeping minutes, managing finances, and enforcing rules are important tasks in any organization, they fall under the purview of different roles. The Hodegos specifically focuses on hospitality and support, emphasizing the sorority's commitment to inclusiveness and welcoming interactions.

2. What is the name of the membership intake process used by Alpha Kappa Alpha?

- A. Membership Selection Process
- B. Membership Intake Process (MIP)**
- C. Recruitment Process
- D. Initiation Process

The correct answer refers to the Membership Intake Process (MIP), which is the official framework established by Alpha Kappa Alpha Sorority, Incorporated for admitting new members. This process is vital to ensuring that membership aligns with the values and standards of the organization. It provides a structured approach that reflects the sorority's principles of sisterhood, leadership, and service. The Membership Intake Process is designed to educate potential members about the history, mission, and programs of the sorority, while also allowing current members to assess the readiness and commitment of prospective members. This not only promotes a thoughtful selection but also facilitates meaningful engagement for those interested in becoming part of Alpha Kappa Alpha. Understanding this terminology is essential for anyone involved in the sorority, as it encompasses the values and traditions of Alpha Kappa Alpha while ensuring that the organization maintains its integrity and purpose in the membership journey.

3. In February 1928, how many students were admitted into the sorority without initiation?

- A. 5
- B. 7**
- C. 9
- D. 11

In February 1928, the significant number of students admitted into the sorority without initiation was indeed seven. This occurrence marked a pivotal moment in the history of Alpha Kappa Alpha, as it highlighted the sorority's commitment to inclusivity and growth during a formative period. The decision to admit these students without the traditional initiation process reflects a broader strategy aimed at expanding the organization's membership base, especially in the context of the sociopolitical climate of the time. The choice of seven is consistent with historical records of the organization, which detail the careful consideration of membership criteria and the evolution of the intake process. Understanding this pivotal moment is essential for grasping how Alpha Kappa Alpha adjusted its practices to broaden its outreach and support for collegiate women, shaping the future of the sorority.

4. What year did Alpha Kappa Alpha initiate the Domestic Travel Tour, and what was its purpose?

- A. 1970, a tour of historic women's sites
- B. 1969, a tour of cities significant to Black heritage**
- C. 1965, an educational tour of international sites
- D. 1972, community service projects in various cities

The correct response highlights that in 1969, Alpha Kappa Alpha initiated the Domestic Travel Tour with the purpose of visiting cities significant to Black heritage. This initiative represented a significant effort by the sorority to honor and educate its members about the rich cultural and historical contributions of the African American community across different locales. The tour served as not just a travel experience but also an opportunity for members to deepen their understanding of their heritage and promote unity among them, emphasizing the importance of knowing and celebrating their roots. The significance of this initiative lies in its role in community awareness and education, which remains at the core of Alpha Kappa Alpha's mission. By focusing on cities that played vital roles in the African American experience, the sorority reinforced its commitment to service, leadership, and the empowerment of its members through knowledge of their history. This context is crucial for understanding the lasting impact of the Domestic Travel Tour on the organization and its members.

5. What does the term "general" membership imply in Alpha Kappa Alpha?

- A. Membership available to anyone in the community
- B. A classification for members without full voting rights
- C. Membership type that encompasses both graduate and undergraduate members**
- D. A limited time membership for new initiates

The term "general" membership in Alpha Kappa Alpha refers to a classification that includes both graduate and undergraduate members. This broad categorization allows for inclusivity within the sorority, emphasizing the organization's commitment to fostering a diverse community of women who contribute in various capacities, whether they are students at a college or university or members who have graduated. This inclusion is significant because it highlights the importance of sisterhood and networking across different stages of life and education. By embracing both graduate and undergraduate members, Alpha Kappa Alpha creates opportunities for mentorship, shared experiences, and collaboration on community service projects, further strengthening the bonds among its members. Furthermore, this classification supports the sorority's mission of service while promoting leadership and academic excellence regardless of the educational status of its members.

6. What is the name of the graduate chapter mentioned?

- A. Omega Psi Phi
- B. Pi Nu Omega**
- C. Delta Sigma Theta
- D. Alpha Tau Omega

The correct answer is B, Pi Nu Omega, as it is specifically recognized as a graduate chapter of Alpha Kappa Alpha Sorority, Inc. Graduate chapters are formed to continue providing services and programming to the community while facilitating the involvement of those who have already completed their collegiate education. Each graduate chapter plays a vital role in furthering the mission of the sorority, focusing on sisterhood and community service. The other names listed represent different organizations or chapters that do not pertain to the context of the question regarding Alpha Kappa Alpha's graduate chapters. Omega Psi Phi and Delta Sigma Theta are separate fraternities and sororities, respectively, while Alpha Tau Omega is also a fraternity that does not relate to the graduate chapters of Alpha Kappa Alpha. Therefore, recognizing Pi Nu Omega as the graduate chapter aligns with the focus and objectives of Alpha Kappa Alpha's mission and structure.

7. Who has the power to appoint the chairmen and members of all committees of the sorority?

- A. Regional Directors
- B. Supreme Basileus**
- C. Directorate
- D. General Membership

The power to appoint the chairmen and members of all committees of the sorority is held by the Supreme Basileus. This role is integral to the structure and governance of Alpha Kappa Alpha Sorority, as the Supreme Basileus serves as the chief officer of the organization and oversees various functions, including the leadership and management of committees. By appointing committee members and chairpersons, the Supreme Basileus ensures that the sorority's goals and objectives are carried out effectively, while also maintaining alignment with the organization's mission and vision. This authority is a critical aspect of effective leadership and promotes a cohesive working environment within the sorority. In contrast, other options like the Regional Directors, Directorate, and General Membership do play significant roles within the organization, but they do not possess the specific authority to make committee appointments as outlined in the sorority's governance structure. This delineation of powers helps to maintain order and enables accountability within the leadership framework of Alpha Kappa Alpha.

8. What is the purpose of the Leadership Fellows Program in Alpha Kappa Alpha?

- A. A program to enhance cultural awareness
- B. A development program focused on leadership skills**
- C. A community service outreach initiative
- D. A scholarship program for undergraduates

The Leadership Fellows Program in Alpha Kappa Alpha is designed specifically as a development program focused on enhancing leadership skills among its members. The aim is to cultivate effective leaders who can take on roles of responsibility within the sorority and their communities. Through this program, participants gain valuable training and experience that prepare them to assume leadership positions, not only within Alpha Kappa Alpha but also in their respective fields or communities. This focus on leadership development aligns with the organization's broader mission of empowering women and promoting service. The other options, while important, do not accurately capture the primary focus of the Leadership Fellows Program. Cultural awareness is a broad goal that can be part of many programs, but the Fellows Program directly targets leadership skills. Community service outreach initiatives and scholarship programs serve different purposes within the organization, highlighting service and academic support, but again, these do not reflect the core objectives of the Leadership Fellows Program specifically.

9. How many regions make up Alpha Kappa Alpha Sorority?

- A. 8 including International Region
- B. 10 including International Region**
- C. 12 including International Region
- D. 5 including International Region

Alpha Kappa Alpha Sorority is organized into ten distinct regions, which includes the International Region. Each region serves a specific purpose, facilitating various chapters and members within a structured framework to enhance communication, collaboration, and the overall mission of the sorority. The regional divisions help in organizing events, conferences, and initiatives that support both the local chapters and the overarching goals of the sorority. The inclusion of the International Region is significant as it acknowledges the global presence of Alpha Kappa Alpha and the commitment to serving members beyond domestic borders. Understanding the organizational structure, including the number of regions, is crucial for members to navigate the sorority effectively and engage in regional activities. This knowledge also fosters a sense of unity and belonging among members spread across different geographical areas.

10. Who presided over the first Ivy Day celebration for Alpha Kappa Alpha?

- A. Lavinia Norman**
- B. Lucy Diggs Slowe
- C. Marjorie Hill
- D. Anna Easter Brown

The first Ivy Day celebration for Alpha Kappa Alpha was presided over by Lavinia Norman. This event, which highlights the organization's commitment to sisterhood, service, and scholarship, was a significant milestone in the sorority's history. Lavinia Norman, as a founding member and the first Supreme President of Alpha Kappa Alpha, played a crucial role in establishing the traditions and ceremonies that would become foundational to the sorority's identity. Her leadership in the early years helped to shape the culture and values of AKA, making her presence at the inaugural Ivy Day a fitting representation of the sorority's beginnings and aspirations. The other individuals listed, while important figures in the history of Alpha Kappa Alpha, were not in the position to preside over the first Ivy Day celebration. Lucy Diggs Slowe, for instance, was also a founding member and later became the first African American woman to earn a degree in physical education from Columbia University, but Lavinia Norman was the presiding officer during that specific event.
