SAMPLE

### 1. Are background checks required for private gun sales in New Hampshire?

- A. Yes, for all firearms
- B. No**
- C. Yes, but only for handguns
- D. Yes, but only for assault weapons

*In New Hampshire, background checks are not required for private gun sales. This means that individuals can buy or sell firearms privately without having to undergo a background check. It is important for individuals engaging in private gun sales to exercise caution and ensure they are following all relevant state and federal laws to prevent any potential legal issues. Option A is incorrect because although background checks are required for some firearm purchases in New Hampshire, they are not mandatory for private sales. Option C and option D are also incorrect because they state that background checks are required for specific types of firearms (handguns and assault weapons), which is not accurate under New Hampshire law.*

### 2. Can non-residents purchase firearms in New Hampshire?

- A. Yes, but only long guns
- B. Yes, but only handguns
- C. Yes, both handguns and long guns**
- D. No, non-residents cannot purchase firearms

*Non-residents can purchase both handguns and long guns in New Hampshire. New Hampshire state law does not prohibit non-residents from buying firearms, as long as they follow the proper procedures and requirements set forth by federal law. This includes passing a background check through a licensed dealer and complying with all other applicable laws and regulations. Therefore, option C is the correct answer. Options A, B, and D are incorrect because they do not accurately reflect the state's laws regarding non-residents' ability to purchase firearms.*

### 3. Are assault weapons banned in New Hampshire?

- A. Yes
- B. No**
- C. Yes, but only in certain cities
- D. Yes, but with specific exceptions for certain models

*Assault weapons are not banned in New Hampshire. New Hampshire does not have specific laws banning assault weapons at the state level. It is important for individuals to be aware of any local ordinances that may restrict the possession or use of assault weapons in certain cities or towns. However, as a general rule, assault weapons are not banned in the state of New Hampshire.*

#### 4. Are 'No Gun' signs enforceable by law in New Hampshire?

- A. Yes
- B. No**
- C. Yes, but only in certain establishments
- D. Yes, but it depends on the sign's wording

*In New Hampshire, 'No Gun' signs are not enforceable by law. This means that even if a property or establishment displays a sign prohibiting firearms, it does not carry the force of law behind it. Individuals with a valid concealed carry permit are not required to comply with these signs. It is important for gun owners to be aware of the specific gun laws in their state to ensure they are following the regulations properly. Option A (Yes), Option C (Yes, but only in certain establishments), and Option D (Yes, but it depends on the sign's wording) are incorrect because, as mentioned earlier, 'No Gun' signs do not have legal weight in New Hampshire. Gun owners should still be respectful and mindful of property owner's wishes, but they are not legally bound to adhere to these signs.*

#### 5. Are 'Red Flag' laws in effect in New Hampshire, allowing firearms to be confiscated from individuals deemed a risk?

- A. Yes
- B. No**
- C. Pending legislation
- D. Only in certain cities

*"Red Flag" laws, also known as Extreme Risk Protection Orders (ERPOs), allow law enforcement to temporarily confiscate firearms from individuals who are deemed a risk to themselves or others. As of the time of this question, Red Flag laws are not in effect in New Hampshire, making option B the correct answer. These laws are a topic of ongoing debate and discussion in various states, including New Hampshire, but have not been implemented statewide yet. Therefore, it is important for individuals to stay informed about any changes in legislation regarding Red Flag laws in the state. Options A, C, and D are incorrect as they do not accurately reflect the current status of Red Flag laws in New Hampshire.*

#### 6. Are assault weapons banned in New Hampshire?

- A. Yes
- B. No**
- C. Only in certain cities
- D. Only if they are not registered

*In New Hampshire, assault weapons are not banned. This is because the state does not have any specific laws banning these types of firearms. Option A is incorrect because although some states do have an assault weapons ban, it is not the case in New Hampshire. Option C is incorrect because there are no cities or towns in New Hampshire that have their own local assault weapons ban. Option D is incorrect because even if a weapon is not registered in New Hampshire, it does not automatically make it illegal.*

**7. What is required to legally carry a concealed handgun in New Hampshire?**

- A. A permit
- B. Completion of a firearms safety course
- C. Both A and B
- D. None of the above**

*In New Hampshire, it is legal to carry a concealed handgun without a permit or completion of a firearms safety course. This is because the state has "constitutional carry" laws, meaning that individuals have the right to carry a firearm without a permit as long as they are legally able to possess a gun. The other options (A and B) may be required in other states, but not in New Hampshire.*

**8. Are background checks required for private gun sales in New Hampshire?**

- A. Yes, for all sales
- B. No**
- C. Yes, but only for handguns
- D. Yes, but only at gun shows

*In New Hampshire, background checks are not required for private gun sales. This means that individuals can sell firearms to each other without having to go through a licensed dealer and undergo a background check. While private sales may seem convenient for gun owners, they can also pose a risk of firearm transfers to prohibited individuals without proper background checks. Options A, C, and D are all incorrect answers because they state that some form of background check is required for private gun sales in New Hampshire, which is not the case.*

**9. What is the minimum age to purchase a rifle or shotgun in New Hampshire?**

- A. 18 years old**
- B. 21 years old
- C. 16 years old
- D. There is no minimum age

*In New Hampshire, the minimum age to purchase a rifle or shotgun is 18 years old. This is because the New Hampshire state law requires that an individual be 18 years of age or older to purchase a firearm. Options B and C are incorrect as they have ages that are either higher or lower than the correct minimum age. Option D is also incorrect as it is not currently true for the state of New Hampshire.*

**10. Are there any areas in New Hampshire where carrying firearms is prohibited, even with a permit?**

- A. No, there are no such areas
- B. Yes, in federal buildings
- C. Yes, but only in schools and courthouses
- D. Yes, in federal buildings, schools, and courthouses**

*In New Hampshire, there are specific areas where carrying firearms is prohibited, even if you have a permit. Federal buildings, schools, and courthouses are examples of such areas where carrying firearms is not allowed. It is important for gun owners to be aware of these restrictions to avoid legal issues and ensure public safety.*
