Skim through the questions to get a sense of what you know and what you need to focus on. Your goal is to identify knowledge gaps early.

2. Study in Short, Focused Sessions

Break your study time into manageable blocks (e.g. 30 – 45 minutes). Review a handful of questions, reflect on the explanations.

3. Learn from the Explanations

After answering a question, always read the explanation, even if you got it right. It reinforces key points, corrects misunderstandings, and teaches subtle distinctions between similar answers.

4. Track Your Progress

Use bookmarks or notes (if reading digitally) to mark difficult questions. Revisit these regularly and track improvements over time.

5. Simulate the Real Exam

Once you're comfortable, try taking a full set of questions without pausing. Set a timer and simulate test-day conditions to build confidence and time management skills.

6. Repeat and Review

Don't just study once, repetition builds retention. Re-attempt questions after a few days and revisit explanations to reinforce learning. Pair this guide with other Examzify tools like flashcards, and digital practice tests to strengthen your preparation across formats.

Explanations

SAMPLE

1. David Copperfield is associated with which venue?

- A. Csi
- B. Mgm**
- C. Imperial Palace
- D. Valley Auto Mall

David Copperfield is a renowned magician whose Las Vegas show has long been tied to the MGM Grand on the Strip. The MGM Grand is a major hotel-casino that hosts major productions, including Copperfield's famous residency, making it the best match for his association. CSI is a TV series set in Las Vegas, not a venue; Imperial Palace is another casino but not the primary venue most closely linked to Copperfield's signature show; Valley Auto Mall is unrelated to live performances. So the venue most closely associated with David Copperfield is the MGM Grand.

2. Which is the right-hand side for 'cheetahs'?

- A. Western/Highland**
- B. Town Square
- C. Surrender
- D. Rum Jungle

This item tests how you map a term to its region label on a given chart or dataset. The right-hand side for cheetahs is Western/Highland because that option represents a real geographic region category, which is the type of label the question is asking you to pair with the animal. The other options are place names or generic terms that don't function as a regional category in this context, so they don't fit as well.

3. The Federal Courthouse is matched with which address?

- A. Maverick on LVB
- B. Gillespie and Warm Springs
- C. SLVB/Bridger 333 S Las Vegas Blvd**
- D. Tropicana

This item tests your ability to connect a well-known building with its exact street address, including cross-streets. The Federal Courthouse in Las Vegas is located on South Las Vegas Boulevard at the Bridger Avenue intersection, with the official address 333 S Las Vegas Blvd. The option that lists SLVB/Bridger and 333 S Las Vegas Blvd matches that location precisely, making it the correct choice. The other options point to a gas station on Las Vegas Boulevard, an intersection in a different area, or a hotel-casino, none of which are the courthouse.

4. Which location is the correct match for Noir Bar?

- A. Luxor
- B. Venetian
- C. Tropicana
- D. Maverick on LVB

Noir Bar is the moody, noir-inspired lounge that is part of Luxor Las Vegas. The Luxor's dark, intimate atmosphere and signature cocktail scene align with Noir Bar's theme, making it the best match. The Venetian and Tropicana have their own distinct bars, and Maverick on LVB is a different venue altogether, so they don't fit with Noir Bar.

5. Which location is listed for Las Vegas Country Club?

- A. Joe W. Brown (Behind the Hilton)
- B. Boulder/ Harmon
- C. Boulder/ Warm Springs
- D. Nlwb/ Lake Mead

This question tests recall of the specific listing for Las Vegas Country Club in the materials. The location that matches the official listing is Joe W. Brown (Behind the Hilton). This designation uses both a street name and a recognizable landmark, which makes it the exact match in the reference. The other options point to different intersections or areas that aren't the published listing for the club, so they don't align with the source the test relies on. In practice, identifying a destination by the exact listed address or landmark helps ensure the driver selects the correct drop-off point.

6. Which address is listed for Golden Gate?

- A. Water St Henderson
- B. Nlwb/ Lake Mead
- C. Boulder/ Harmon
- D. Fremont/ Main

Golden Gate sits in downtown Las Vegas at the corner of Fremont Street and Main Street. The listed address uses that intersection, Fremont/Main, which matches the hotel's real location. The other options point to different areas (Henderson, North Las Vegas, or other parts of Las Vegas), so they don't correspond to Golden Gate's downtown address.

7. Mystère is performed at which casino resort?

- A. Caesars Palace
- B. Planet Hollywood
- C. Luxor
- D. Treasure Island

Mystère is a Cirque du Soleil production that has long been the resident show at Treasure Island on the Las Vegas Strip. Because the question asks where Mystère is performed, Treasure Island is the correct casino resort to name. The other properties are known for different entertainment lineups, so they don't host Mystère.

8. LV Detention Center is located at which intersection?

- A. Boulder Hwy
- B. Sahara/ Jones
- C. Main/ Stewart
- D. Mohave/ Stewart**

Understanding the exact location is essential for precise routing and efficient trips. The LV Detention Center sits at the intersection of Mohave Street and Stewart Avenue, placing it in the western downtown area. This location distinguishes it from other common intersections like Boulder Highway, Sahara Avenue crossing Jones Boulevard, or Main Street crossing Stewart Avenue, which are in different parts of town. So Mohave/Stewart is the correct intersection.

9. The Sands Convention Center is located at the intersection of Sands and Koval. Which option correctly names these roads?

- A. Sands and Trop
- B. Koval and Trop
- C. Sands and Flamingo
- D. Sands and Koval**

This question tests your ability to translate a location cue into the exact street names that intersect there. If the Sands Convention Center sits at the crossing of Sands and Koval, the two street names you should name are Sands and Koval. Any choice that pairs Sands with a different street (for example, Trop or Flamingo) would describe a different intersection in the area, not the Sands–Koval corner. The pairing Sands and Koval matches the given location precisely, making it the best answer.

10. What is the correct match for the label Dept of Aging?

- A. 6061 Dean Martin
- B. Wayne Newton
- C. 1860 E Sahara**
- D. Shadow Lane

Matching a department label to a location relies on identifying a plausible government office address. Dept of Aging implies a formal city office, so the location should read like a complete address that could house an office. 1860 E Sahara provides a full street address with a number, which fits that pattern and suggests a specific building where the department could be located. The other options don't serve as clear office locations: Wayne Newton is a person, not a place; Shadow Lane is just a street name without a building number to pinpoint a specific office; 6061 Dean Martin is an address, but it doesn't clearly indicate a government office. Therefore, 1860 E Sahara is the best match.
