1. What type of background check system does Wyoming use for firearm purchases from licensed dealers?

- A. State-based system
- B. NICS**
- C. Wyoming does not require background checks
- D. A combination of state and NICS

Wyoming uses the National Instant Criminal Background Check System (NICS) for firearm purchases from licensed dealers. Option A is incorrect because it is essentially the same as option D, which mentions both state and NICS. Option C is incorrect because while Wyoming does not require background checks for private sales, it does require them for purchases from licensed dealers. Option D is also incorrect because it is not an accurate or specific answer.

2. Is it legal to carry a firearm in state parks, state wildlife areas, and state historic sites in Wyoming?

- A. Yes**
- B. No
- C. Only with a permit
- D. Only unloaded firearms

In Wyoming, it is legal to carry a firearm in state parks, state wildlife areas, and state historic sites without the need for a permit. Wyoming state law allows individuals to carry firearms for self-defense and other lawful purposes in these areas, making choice A the correct answer. This aligns with Wyoming's generally gun-friendly laws that respect individuals' rights to bear arms.

3. What is the minimum age to possess and transport a handgun in Wyoming without adult supervision?

- A. 18 years old**
- B. 21 years old
- C. 16 years old
- D. 25 years old

In Wyoming, the minimum age to possess and transport a handgun without adult supervision is 18 years old. This is in accordance with Wyoming state law which allows individuals who are 18 years and older to legally possess and carry handguns. It is important to note that federal law prohibits individuals under the age of 18 from possessing a handgun, with exceptions for those under direct adult supervision for specific activities such as target shooting or hunting. Therefore, option A (18 years old) is the correct answer as it aligns with Wyoming state law regarding the minimum age for possessing and transporting a handgun without adult supervision.

4. What is the age requirement for purchasing a handgun in Wyoming?

- A. 18 years old
- B. 21 years old**
- C. 16 years old
- D. 25 years old

In Wyoming, the age requirement for purchasing a handgun is 21 years old. This age restriction is in line with federal law for purchasing handguns from licensed dealers. It is essential to ensure that individuals buying handguns are of a certain age to promote responsible gun ownership and safety practices.

5. Are assault weapons banned in Wyoming?

- A. Yes
- B. No**
- C. Only in certain cities
- D. Only for non-residents

Wyoming does not have any statewide bans on assault weapons, meaning they are not prohibited in the entire state. Option A is incorrect because although several states have banned assault weapons, Wyoming is not one of them. Option C is incorrect because while certain cities in Wyoming may have their own local assault weapons bans, it is not a statewide policy. Option D is incorrect because residents and non-residents are held to the same laws and regulations in Wyoming, so there is no distinction in regard to assault weapons bans based on residency.

6. Is a waiting period required for purchasing a firearm in Wyoming?

- A. Yes, 3 days
- B. Yes, 7 days
- C. No**
- D. Yes, but only for first-time buyers

In Wyoming, there is no waiting period required for purchasing a firearm. This means that once a background check is completed, a person can legally acquire a gun without having to wait for a designated period of time. This is why the correct answer is C. Options A, B, and D are incorrect because they suggest that there is a waiting period for purchasing a firearm, which is not the case in Wyoming.

7. What age must children be to possess and use a firearm in Wyoming under supervision?

- A. There is no age limit**
- B. 10 years or older
- C. 12 years or older
- D. 14 years or older

This reflects the importance of proper education and supervision when introducing children to firearms.

- A. Firearms must be unloaded and stored in the trunk
- B. Firearms may be carried openly or concealed without a permit**
- C. Only a handgun may be kept in the glove compartment
- D. All of the above are allowed

Wyoming's law regarding firearms in vehicles allows for firearms to be carried openly or concealed without a permit. This means that individuals in Wyoming are not required to have a permit to carry a firearm in their vehicle, whether it is openly displayed or concealed. It is important for gun owners to be aware of and understand the specific laws in their state regarding firearms in vehicles to ensure they are in compliance with the law. Option A is incorrect because Wyoming does not require firearms to be unloaded and stored in the trunk while in a vehicle. Option C is incorrect as well because Wyoming does not have a law that specifically states that only a handgun may be kept in the glove compartment. Option D is incorrect as well since the correct answer is that firearms may be carried openly or concealed without a permit.

9. Are there any restrictions on magazine capacity for rifles and handguns in Wyoming?

- A. Yes, 10 rounds for handguns
- B. Yes, 15 rounds for rifles
- C. No**
- D. Yes, 10 rounds for rifles and handguns

In Wyoming, there are no restrictions on magazine capacity for rifles and handguns. This means that residents of Wyoming can legally possess and use firearms with any magazine capacity, whether for rifles or handguns. This is in line with Wyoming's relatively relaxed gun laws compared to some other states in the U.S. Options A, B, and D are incorrect as they suggest specific limits on magazine capacity for handguns and rifles, which is not the case in Wyoming. It's important for gun owners in Wyoming to stay informed about the state's firearms laws to ensure they are compliant with all regulations.
